

## 2014 Annual Treasurer's Report to the Membership

Redwood Region's 2014 fiscal year concluded with a net gain (income) of \$5,799.69 - an excellent result. The major reason for this gain was the total subsidy from PCA National (\$13,608.00) was \$5,067 more than in 2013. Most of this was the one-time special rebate that distributed excess PCA funds. We ended the year with \$43,489.78 in liquid assets distributed as \$21,446.10 in unrestricted checking, \$4,049.81 in the autocross reserve, \$7,574.39 in a money market account and \$10,419.48 in a certificate of deposit.

We donated \$4,575.00 to CASA and subsidized the Holiday Party \$2,053.02. Our socially-oriented events approximately broke even this year as per design. Total fees for the use of MotorsportReg.com were \$1,013.50 in total (general events and autocross combined). Goodie Store inventory exited 2014 at \$2,065.11; there was \$252.17 in profit on \$1,994.00 in sales. The year over year comparison of major line items is attached for your review in Figure 1.

\$3,640.41 of extraordinary expenses were all related to autocross including cones, an electronic timing system and custom whiteboards. We also incurred non-secured property taxes of \$246.69 on rental of the Airport track property. The net gain on the autocross series was \$1,109.54 in 2014, \$1,877.21 (-62.9%) less than the previous year<sup>1</sup>.

### Notes:

1. In 2014 the net "profit" from Autocross was \$1,109.54. This compares to a net profit of \$2,986.33 on the books for 2013. But there was a small accounting change in 2014 that made the profit number higher than if we used the 2013 method. In 2014 the cost of the autocross T-shirts was not charged against an autocross account, but rather against sponsorship expenses; not so in 2013. If we back the cost of the T-shirts out of the 2013 figure, the net profit was \$3,680.60. Thus the net from autocross dropped \$2,571.08 (-69.8%) year over year!
